# Music Matters

National Conference for Music Educators

## Strings Program

With Geza Szilvay

**26-29 September 2010**

Caulfield Grammar School, East St Kilda

*A unique opportunity for students and teachers  
of string instruments.*

[www.kodaly.org.au](http://www.kodaly.org.au)

The Kodály concept of music education continues to attract great attention in Australia, primarily because of its ability to offer children stimulating and enjoyable music lessons while at the same time addressing the need to teach the whole person in a sequential and logical manner.

In September this year, Music Educators from around Australia and overseas will gather for four days of professional learning featuring some of our most inspiring leaders in contemporary Music education.

**An exciting feature of this year's conference is the String Program for students and teachers.**

We are delighted to be able to present Geza Szilvay, author of the highly acclaimed Colour Strings method and a respected violinist and teacher, who will conduct two student orchestras each day at the *Music Matters* conference.

The *Music Matters* Orchestras will provide young Kodaly-trained musicians with the opportunity to extend their solfa-singing skills into the instrumental arena, while rehearsing and performing music at an excellent standard.
