- **Training from music teachers with over 20 years experience specialising in early childhood programs.**

Qualified music teachers providing
interactive *music and movement* workshops

Promote early childhood educators to enhance
music programs in their curriculum.

Educators will learn new ideas to introduce creative, fun
music and movement activities into programming
for 0-3 and 3-5 year old groups.

Selected educational resources (CD's, DVD's & books) will be available at the workshop

1.5hr EVENING OR WEEKEND WORKSHOPS

The Kodaly Music Education Institute of Australia (KMEIA)

A National organisation supporting music education in Australia.

Our philosophy is that musical instruction should reflect the way that children learn naturally.

Through singing games, fun and play the child discovers the musical elements
as they are presented sequentially and has the opportunity
to enter the world of music through creative development.
