## ALBANY

Lana Winfield is an experienced and passionate Music Specialist, currently at Hammond Park Primary School where she established the Music program in 2016 using a Kodály-inspired approach.

She teaches students from Kindergarten to Year 6 and is in charge of the school's two choirs and instrumental program. Lana is the team leader of the Specialist teachers at her school and the Music teachers in the Cockburn Central Education Network.

Inspired by her own experience as a student of a Kodály-based Music program, she became a Music teacher to share the joy of music-making with others, graduating with a BMusEd from the University of Western Australia in 2010.

Lana has completed all three levels of the Primary course of the Australian Kodály Certificate.
