### **INFORM YOUR SCHOOL! GATHER YOUR COLLEAGUES!**

Kodály Australia in association with Devirra Music presents a choral reading day to help you prepare repertoire for your 2020 choir program. Join us to sing through unison, treble and mixed-voice arrangements for primary, secondary and community choirs, both a cappella and accompanied. The selection will include contemporary Australian compositions, international pieces and musical theatre numbers that choirs love to sing. Naomi Cooper has extensive experience conducting primary and secondary school choirs in public, private and independent schools and conducts an array of community choirs across Sydney. Anna Zerner from Devirra Music is an experienced choral singer and music educator who understands choral directors' needs. Participants will be provided with a list of repertoire and may purchase the reading pack as well as copies of scores on the day.

**COST:** FREE for members

\$40 for non-members
